

SENATOR CROSBY: Thank you very much, Madam President. And, Senator Withem and those of you who questioned, what we did was modified my original amend...motion to override to leave out the 1.4 million in the first year, and leave the 1 million in the second year on this particular override. And I will just reiterate what I said, I think it's a good program, and I don't like to see it wiped out completely. So, if you could vote to keep the million, they have...it's true what Senator Wesely said, there is money there available for them to continue. But they do need some money to be able to continue the venture capital programs. So, I would just ask you to vote to override the veto for the million dollars for the second year. And, as I said a little while ago, within the next week I will have a meeting of all these people because I do think the program is important, and I think it's important for all of us to sit down who have concerns of any kind and get it straightened out so we don't go through this again. Thank you very much. I'll appreciate your vote for the override on the million dollars.

PRESIDENT MOUL: Thank you, Senator Crosby. We will now vote on the motion to override. All those in favor please vote aye, opposed nay. Please record, Mr. Clerk. Have you all voted? Senator Crosby.
